# AMAZING LEARNING EXPERIENCES

## Early Learning Center GREATER SCRANTON YMCA

### Infant Program (6 weeks-1 year)

Our infant program promotes a standard of quality essential for optimal growth and development in the first year of life. Our certified teacher provides a nurturing, safe and stimulating “small group” environment. Our self imposed limit of 3 infants encourages continuous staff/child interaction.

### Toddler Program (1-2 years)

Children in our play-centered toddler program are guided through development in learning areas aligned with age appropriate PA Learning Standards. These areas include speech and language development, social and emotional growth, physical and motor activities, and creative expression.

### Full Day Preschool Program (3-6 years)

Children begin preschool at 3 years of age. Our well-developed curriculum is aligned with PA Learning Standards. Our program is child-centered using the Creative Curriculum, with learning areas in creative arts, language and literacy, mathematics, social & emotional development, large motor activities (including swim lessons), science and social studies. Learning activities and group lessons are repeated to provide optimal experiences for all children including those that attend part time.

- Licensed by PA Dept. of Human Services
- CCIS participating facility
- Keystone Stars participating site
- Registered with the PA Department of Education
